This is a awful idea. How dare you try to violate someone's freedoms and stress someone financially because of a mask for a virus that is honestly not even affecting Charles county's health. LOOK AT THE NUMBERS! 268 deaths in the county from Covid. I wonder how many have died from things like heart disease or cancer. Heart disease was responsible for 229 deaths in Charles county in 2012 and I'm sure most of you never even knew this number and probably didn't even care. Did you make any laws then? Nope. I'm sure most of you actually didnt even care because their wasn't a political agenda behind it at the time. You work for the tax payers. Stop trying to punish them because you don't agree with how some people want to live their life. (Not scared of a political propaganda)
