Wearing masks is an easy way to protect ourselves and others during the pandemic. Cases are on the rise again. Issuing a mask mandate is appropriate. We all are expected to stop at red lights and wear seatbelts. This is no different. It's a public health issue and not an infringement of one's freedom or rights. Vaccinations are required to attend school. So mandating those isn't anything new either. Please make decisions that protect Charles County citizens and ignore those resisting masks.
