Charles is still a red county, meaning high rate of infection and community spread. Not enough adults are vaccinated. Not enough children are vaccinated. I get 3 or 4 letters a week from my kids schools The letters state any where from 5 to 15 new out breaks. The schools should have been virtual but the county and the boe allowed them to open. Clearly money has more value than life. Just like the boe the commissioners can be voted out in 2022.
