I'm against continuing any mask mandate. I have a son with special needs and I'm on my own most days with my son and his sisters for his care and running all evening errands. My son is forced to wear a mask at his school for 7 hours a day and then when he's with me literally has breakdowns to go into any stores, it's a struggle to do the simplest of shopping in this county and I have had to result to going out of my way to get the things he needs so he isn't forced to wear the mask when he's out of school. My son cries every morning most days at school drop off because of the masks. It's truly affecting his mental health and his physical health as he has started to get mouth sores on the sides of his mouth. This is just unacceptable we must do better especially for our children! It has been proven that children are not a risk with the Covid 19 virus the flu has killed more children by mass amounts than the Covid 19 virus! Please I beg for this to stop and let's learn to live with this virus just as we have with the flu and other virus! Let's work on teaching how to keep ourselves and children healthy and their immune systems strong.
