Commissioner Bowling, Please vote no on the proposed mask mandate. Our County Commissioners are killing our beloved Charles County, its businesses, and its people. If you truly have read the science on the matter, which I have, masks make zero (0) difference in the spread of COVID or any of its related mutations. For personal health reasons, I cannot routinely wear masks which means during previous masking requirements I am forced to shop, and conduct business, outside of Charles County. Since the the science does not support mask mandates please vote no and save more of your constituent's lives than any mandate would. Bill Hocker 301-752-4933
