It is sad to see my rights being taken away at such a young age- This is not normal and causing Great Depression and fear among my peers! Question- if the health dept has us at Substantial transmission - obviously these masks don't work anyway. Give us our freedoms to choice- stop causing all this fear for us especially young adults by pushing your agenda. My WHOLE family now shops outside of Charles County. You are causing grave damage to our small businesses. If people are worried let them wear their mask! They work right? Let them wear a hazmat suit. My little brother who is in 4th grade comes home crying everyday because he can't breathe in the mask and is constantly in trouble- how can you live with yourselves KNOWING what your causing. My first year ti vote and when elections come..... not one of you will get my vote. You are a disgrace to this county.
