Dear Commissioners, as a small business owner and resident of Charles County I feel the need to submit my thoughts on why I am against the mandate of wearing masks county wide. As a small business owner I feel it should be the right of every business owner to decide whether they want to require masks in their establishment. It concerns me for myself and fellow business owners to experience business disruptions due to forced masking. As a fully vaccinated resident of Charles County I do understand and recognize the dangers of this pandemic but I also feel there is a place of where to draw the line on government overreach as I see it. Personally I feel we should all be able to make personal decisions regarding our own healthcare and this is not a place where our governing authorities should dictate and where does this end beyond covid? As a business owner we have made adjustments within our company to comply with the Governor's guidelines from the start of this pandemic 21 months ago. I am just requesting of you to please allow each business entity within our county to make the decision that is best for them and not a mandated one. We choose to freely live here, we work here and we play here...I hope you do as well. Sincerely, Christopher Sharp owner Sharp's Contracting LLC
