I am a business owner in Charles County, I also grew up in this county. The mask mandate affects me personally and professionally. I have asthma, wearing a mask all day while running my business exacerbates my condition. When we had to wear them all day at work I was wheezing all the time. It also is very hard to work on my clients when they have masks on. I live in St Marys, but my business is in Charles. Because I spend so much time in Charles, I normally do my shopping there out of convenience. During the mask mandate, I limited my shopping in Charles County, again due to the fact that it makes me very uncomfortable wearing the mask while trying to walk through a store. I also feel you are being hypocritical when you create these mandates. During your last meeting, when discussing return to work in person, 2 of you stated you dont believe in mandating anything. That people should have the right to choose. If you wish to wear a mask for the rest of your life, then do so, but DO NOT force me to do so because of your own fears. Our state and country are not under any mandates, there is no reason for Charles County to be under one.
