No more masks! The citizens of this county are absolutely capable of deciding for themselves if they want or need to wear a mask. Those who wish to wear one are more than welcome to do so. This should be a personal decision and not one made by a government entity. I enjoy shopping in this county and have many favorite stores and restaurants. If this mask mandate is reinstated, I will spend my money in neighboring counties that don't require masks. I will even drive into Virginia and patronize their stores. It is ridiculous that this mandate is even being considered. Many states have no mask mandates, kids are unmasked at school and these states are having no issues. Why is it that this county can't do that? This virus isn't going away. It is here to stay. We now have vaccines available to those who want them and medical therapies to treat symptoms. The masks have not prevented case numbers from going up. It's time to move on. No masks!
