Given the past record of our Commissioners, I was shocked and thrilled when the mask requirement was lifted; allowing appropriate individual and business discretion related to the use of masks. This is heading in the wrong direction and reflects a disturbing tyrannical intent on the part of the Commissioners. Case rate is no longer the sole or even most relevant statistic for making sound health-based decisions. Even assuming masks have any meaningful impact on the spread of the virus, County hospitalizations and deaths as reported at <https://charlescountycovid.org/local-covid-19-data/> do not support this action.
