Dear commissioners, I am opposed to the adoption of Resolution 2021-21 as a Health Ordinance in Charles County. As a member of this community it disturbs me greatly that there is consideration to renew the mask mandate. Since masks were mandated in our county in august I have been traveling outside of the county to shop and eat out. It is a great concern of mine for our local economy with so many of us traveling to our bordering communities where mask wearing is optional. I believe we should have the freedom of choice whether we wish to wear a mask or not. As an asthma sufferer wearing a mask causes me much discomfort and difficulty breathing,. Aside from the physical issues of mask wearing the divisiveness of the masks within our community is becoming quite concerning. Again freedom to choose for yourself to wear a mask or not seems like the best resolution for this issue. I have always loved my county but I have to say these last couple of years it feels as though as a tax paying resident in this county I feel like I do not have a voice in my community. Please hear the voices of those of us who wish to have freedom of choice, please do NOT move forward with this health ordinance.
