It seems every level of government has used corona virus to abuse their power against the people. Government and politicians have used this medical issue for political purposes and intentionally set up divisions among the people. The mask served this purpose well, setting neighbors and colleagues against each other. It is being used as a leverage to coerce parents to vaccinate children needlessly. The abuse and divisiveness must stop before any more damage is done and Children ARE being damaged mentally and physically from mask wearing. I will not wear a mask. It is demeaning, uncomfortable and unhealthy. I have not shopped in Charles County since the mandate was implemented. I have taken all my business to St.Mary's county where people smile and behave normally. Smiling is a healthy thing and does not hurt other people. That's science.
