I do not want to have face mask required for many reasons. One of which is our population leaves face mask required areas so frequently that the county's rule, even if it were internally consistent, is ineffective and is mainly causing business to be taken out of the county and important social and religious bonds to be broken. I don't want the county commissioners to have the power to mandate masks, shut downs, or anything else for my health and, in fact, would like that clause to be eliminated.
