I am absolutely against mandating the wearing of face coverings. As a US Navy veteran and childhood sexual assault survivor, this mask ordinance will exclude me from commerce within my community and worshipping with my church family. The current proposed ordinance does not include my medical exemption for PTSD. I have already experienced discrimination within my community under previous mandates with exemptions. Every time I am confronted by someone attempting to enforce the previous mandate and I explain that I have a medical exemption, the invisibility of my disability invites further confrontation, which forces me to re-experience the feelings of helplessness from my trauma. The isolation of "just stay home" is just as harmful to my mental health as being confronted for not wearing a mask.
