What im understanding is that you, the commissioners, want to continue to violate the State Declaration of Rights under the MD state constitution (Freedom of Speech (1st Amendment) under both US and MD, and Freedom of Bodily Sovereignty, Freedom to Breathe (9th Amendment) and grant yourself powers to be an unchecked autonomy by the word of someone who has no measurable metric and uses data that contradicts what is reported to the state. So you want to violate law and order to establish yourselves as elitist who follow one person to retain your seats and ensure that by granting yourselves some privileges that no one should have. And fine people for not believing the same as you. Show me unbiased "science" and not some crap used to manipulate and control. You will find no compliance from a huge number of us. This is your chance to do the right thing, not the easy thing. Know the difference.
