Imposing a mask mandate over the citizens of Charles County is ridiculous. We are fed up with county commissioners imposing useless mask mandates over citizens and private businesses. The data has consistently showed that masks are not effective against Covid-19 by comparing states that have forced masks with states that have not. At this point everyone has the option to get vaccinated if they so desire until our lovely commissioners decide to force that too. 15 days to slow the spread 30 days to flatten the curve Six months to save hospitals 8 weeks of masks to stop the virus Lock down until we have a vaccine "Get your vaccine and we will let you go back you normal" JUST KIDDING Vaccinate then impose more mandates "Now go get boosted then you can go back to normal" The citizens of Charles County are done with our comissioners moving the goal post as soon as we reach their previous goal. No more masks No more mandates No more games We are done If Charles County refuses to pull its head out of its rear end, I (and many other citizens) will do any and all forms of business in a neighboring County. It will be my life's goal to move my entire family and everyone I know out of this County making sure to take our tax dollars with us. Moreover, refusing to hold a public hearing while hiding behind their zoom calls demonstrates exactly how spinless our comissioners are. Please stop imposing mandates on the citizens of Charles County.
