Are you:

Against Topic

Comment

I am absolutely against you mandating that Charles County wear masks in any public place. We should be able to decide for ourselves and our families what is safe and healthy for our own bodies. Masks inhibit breathing and cause a lack of oxygen flow to the brain. The mask also causes the wearer to rebreathe dangerous carbon dioxide that their body was created to discard. This has and will continue to bring lasting physical harm to the citizens of Charles County. This is especially damaging to young children who desperately need this oxygen to develop their brain and body.
