I stand against and mask requirement or mandate in any county. I have shopped and dined freely in St. Mary's County without threat or harassment. Folks that want to wear a mask do so and those that do not are welcome without a facial covering. The very few businesses in my county that require a mask for entry do not benefit from my business or money. There are shops and restaurants in Charles that I would like to patronize but will continue to avoid them as long as they require a mask for entry. My money will continue to support those businesses in St. Mary's, Calvert and Anne Arundel as all three counties provide for the patrons freedom of choice. The Commissioners are trying to implement laws that make zero sense and fly in the face of our founding documents. These choices will be to their demise by either getting voted out of their positions or folks moving from the county. I am sure you will do whatever you want and make choices the are contrary to those in Charles and surrounding counties but wanted to voice my opposition to masks on your public comment page.
