It is time to end the going back and forth mask mandate. People need to be able to make their own choices in their health. There is evidence to go against mask mandates and say there are prolonged affect on a person and child's health to wear mask. It is not tour authority to dictate that for us. People want the freedom to decide. I am afraid if you use your authority wrongly than you will not be voted back in. If people want to wear mask let them, if they don't let them.
