My husband & I recently took a 3 week road trip, traveled to 11 states, visited countless businesses (restaurants, museums, convenience stores, hotels, antique stores, department stores, military bases, bars, etc) and not one time did a business/entity require a mandate to wear a mask. NOT. ONE. TIME. Each one of these businesses/entities respected the individual's right to CHOOSE to wear a mask, or not. Charles County Maryland is the ONLY place on our 11 State trip that mandates a mask. It is oppressive, damaging & divisive. It is no wonder Charles County businesses are struggling when every other surrounding County & State respect the individual's right to choose for themselves to wear a mask, or not. The Charles County Commissioners' Mask Mandate push the Charles County Citizen to other Counties & States to do business, purchase & buy goods, thus, harming Charles County businesses. The Charles County Commissioners' Mask Mandate causes further divisiveness among the Citizens & Communities of Charles County. This mandate has caused countless confrontations among Citizens. There has been too much division for too long & the Charles County Commissioners continue to "fan this flame" w/this Mandate. The Charles County Commissioners would be wise by choosing to diffuse the County's divisional issues by respecting each individual Citizens' right to CHOOSE to wear a mask, or not. As for the individual, the Charles County Commissioners' Mask Mandate gives just another reason

for its Citizens to move out of the County - as many have in the past & currently are doing due to the County's increase of violence, crime, exorbitant County taxes & cost of living. Should the Charles County Commissioners' continue implementing their never-ending Mask Mandate upon the Citizens of Charles County, they continue to disrespect their Constituents rights to choose for themselves, continue feed & fan the flames of divisiveness within the County.
