If this county returns to mandated masking I will take my business to King George County in VA and St. Mary's County. I will not participate in imposing an unnecessary and ineffective measure on healthy citizens. Rather I would encourage commissioners to remind those at risk for severe covid that masking (though ineffective), teleworking, zoom gatherings and curbside pickup are measures put in place to limit their exposure. These accommodations are currently available all over our county and should alleviate the panic for those who crave a mask mandate. There is NO NEED for an at risk person to enter a store with unmasked patrons. The current state of technology, services and policy in Charles County allow for both "maskers" and "non-maskers" to be heard and supported. An additional mask mandate will only serve to restrict the rights of the "non-maskers" unnecessarily. Most, like me, will shop elsewhere, which will negatively impact the businesses in this county. Then, they will most likely channel their frustration into working to replace leadership in the county as retribution for feeling powerless and oppressed for nearly two years.
