I strongly request that the CC Commissioners DO NOT support any action to impose mandates or requirements on our residents and business owners that are counter-science, unenforceable, unnecessarily restrictive, and pointless. I already prefer to shop and dine out in So. MD counties and cities that follow common sense health practices rather than impose unjustifiable requirements driven by fear and ignorance. Further restrictions in CC will cause me to completely avoid the county as a destination for any reason. Further, instead of restricting us to better health, which is clearly not working, why aren't you supporting and providing the county with life-saving Covid treatments, like monoclonal antibodies and other emerging treatments? Thank you for your time and service to our county. Please continue to do so in good health and with a clear conscience. Greg.
