I respectfully submit my family's rejection to the proposed topic or possible law that would make it a crime punishable by fines or worse on our County. I am out in the local stores and restaurants regularly and do not witness any problems when mask mandates are in affect. Not saying they don't happen but I am sure that is not the normal. My family and I are all vaccinated, we wear masks when we go in stores or restaurants. It's our choice to do so and should remain that way for all. This is a country based on personal choice with the freedom to handle our day to day lives as we see fit. I do not take offense if someone is not vaccinated or doesn't wear a mask. My choice was to be vaccinated my family also, I have underlying conditions that helped me make my choice. I am not scared of someone else's decisions or vaccination status. If they get the virus its there risk as it should be. Its not for job to police our health its ours. Please remember this in up coming discussion about this topic I know we will when elections come back around.
