Masks do not work. Follow the science, we'll all you have to do is look at a box of the standard masks residents use. The box clearly states, there is no protection in the mask. Furthermore scientific evidence is multiple studies show that masks do not prevent contamination. Do not force residents to do something that clearly do not work. If some residents want to wear a mask, go ahead and do it, it's their right! But don't force me and take away my right to not use something that is not helping at all. If this mask mandate is passed, we will cross the bridge and spend our money in a different county. Small business and big businesses will suffer. <https://www.rcreader.com/commentary/masks-dont-work-covid-a-review-of-science-relevant-to-covide-19-social-policy>
