Tired of being mandated on the way to live my life. My family has complied with the vaccines and booster and so far the masks; however, now this is getting out of hand. We know some who have passed and some who have survived. The media and Dr. Fauci have succeeded in scaring the public with their antics. Enough is enough!!! The common cold and flu is unheard of now and has been replaced with COVID and its strains. Governor Hogan tested positive and wasn't much media about that. Why? I believe a lot of testing of false positive. When you scare people into mass testing, nothing good can come from that except PANIC. VOTE "NO." We need to be able to live our lives and make our own decisions. We are suffering in so many ways from your decisions. I am sure you will not read each and every comment and we will go unheard.
