Masks do not work! Stop trying to control people. We have been masking for going on two years now and they are not working! If they worked SO well why is this virus still here? People are tired of this nonsense. For once listen to the people and leave this mandate alone. If people are so inclined then they can wear a mask. I see a ton of people out wearing a mask because they have decided for themselves that is what is best. I chose to get vaccinated. If people can't be made to get a shot I should not be made to wear a muzzle! I can promise you this... if your illegal mandate is put into effect I will be voting ALL of you out next election and I will not be spending one dime in this county. What is messed up is that the people that work in this county have to work all day with a mask on, yet you all sit at home and "work". Maybe worry about why people can't get tested instead of masks that are useless! Do you think for one second that if I can smell someone's perfume through a mask that a tiny virus particle won't get through? Use your time for something that's actually constructive! We the people are DONE!!!
