I am a democrat that has moved back to Charles County in the past year. Throughout the implementation of the second mask mandate, I have supported small businesses in the county. However, my family and I are tired of our choice to not wear a mask being taken away by the commissioners. I am telling you this so you know that you will be hurting businesses in Charles County with the re-implementation of a mask mandate. The government should not be allowed to tell businesses who they can and cannot serve and/or have in their business - especially with fines attached. That is wrong and tyrannical and we have moved passed these such things in this country. Please, respect the right for each person to choose if they would like to wear a mask. Currently, there is no mask mandate, and choosing to wear or not wear a mask is exactly what your constituents have been doing in the meantime.
