With 80-90% of Charles County residents wearing masks in public currently. I do not understand the need for a 45 day mandate with business fines. As a small business owner I need to focus my time on work and not policing mask with my clients or staff. The risk of Covid-19 is well known at this point. Most covid spread happens at residences. The lskc of opportunity in public to be a close contact I assume decreases risk significantly.
