We oppose any decision/mandate which requires masks to be worn in public places. According to a Wall Street Journal Report (Why Cloth Masks Might Not be Enough as Omicron Spreads, dated 1/2/2022) cloths masks may not provide adequate protection against the Omicron variant of COVID-19. The Mayo Clinic is now requiring patients and visitors to wear surgical-grade N95 or KN95 masks. Studies have shown that masks are not required in public spaces in which individuals are not crowded, do not spend a lot of time together, and in which those spaces have sufficient ventilation and ceiling height. Most public spaces in Charles County meet the above conditions.
