The mask mandate should remain in place period. It doesn't make sense to keep modifying this mandate when COVID is still very real. The science has not always been absolute, and it has been proven that wearing a mask, social-distancing and washing your hands helps tremendously. Why not keep the mask mandate in place regardless of what other states, and the like, are doing. People are still contracting COVID and dying whether they are vaccinated or not so common sense is very necessary when it comes to maintaining a mask mandate in Charles County at this point.
