To even consider mandating masks with fines against your Charles County residents during a time with inflation sky high, Charles Countians struggling with financial hardships, and small businesses barely making it, is a blatant power grab. Even the leadership in Virginia, right next door is choosing to end mandates and allowing their constituents the freedom to choose. Looking at the case rates in neighboring counties that respect freedoms, who do not mandate masks, the case numbers are alike which tells us, the masks do not work. To implement this, would be all about government control over peoples lives. Do the right thing, and show your constituents you value their freedoms.
