It is WAY past the time start focusing your time and efforts on more important things and not useless mandates. Vast majority of people in the county already wear masks and many business still ask that you wear them. By putting more time and effort into focusing on a very small group of people who don't is completely ridiculous. Imposing fines and causing more stress on businesses is completely insane. You all have spent sooooo much time on masks for what??? Have you walked around Safeway recently?? 99% of people wear them by choice!! Start focusing your time and efforts on things that will actually help people. Find more treatments for those getting sick. Work with more than one doctor and come up with better ways of dealing with covid. That tiny small group not wearing masks are NOT the problem.
