Last week's congressional hearing and statements revealed by CDC now says MASKS DON'T WORK unless they are N95. HHS said we are all going to get Covid at some point regardless. CDC director admitted that 75% of deaths from Covid was the result of the person having 1-4 other comirbidity factors. You need to follow the science and let us live our lives. You're trying to make a law that will not stop Covid. They said masks give people a false sense of security. We need to strive for here immunity. All the counties around us have no mask mandates or laws what are you trying to prove?
