Good morning commissioners,

Just reaching out in case you were not aware of the decline and cases, as well as Hospital admissions for covid specific cases in Charles county (as per the MD health dept dashboard).

The "mask" /face covering does not need to be mandated.

It is nothing more than political theater.

Stop trying to dictate individual behavior.

People are well aware orlf the risks associated and how viruses spread after more than 2 years into sars-cov-2 mess.

My children have suffered the most from this mess and want to move to be away from your overreach. Even walking into a store, they feel the burden of your policies- simply to buy toothpaste or a shirt.

Let families decide what is best, like we did during cold and flu seasons prior to the alpha spread of sars-cov-2.

Respectfully,
Crystal Kijesky
