I have been a Charles County resident for almost 10 years. I am finding it harder to want to stay in my home and shop the local businesses when I can drive to other counties like St.Mary's or even drive to Virginia and shop. Since the mask mandate was lifted I have done all of my shopping in Charles county. It has been nice to support local businesses but if the mask mandate becomes law I will be going back to online or shopping elsewhere. This mandate is absurd and an over reach of power by our commissioners. The majority of Charles county is ready to move on and go back to living a normal life without restrictions or face coverings. If you truly care about the residents of Charles County you will drop this and let us continue like we have been since the mask mandate was lifted.
