I stand against mask mandates for 2 reasons. 1)Mask studies have shown(specifically the 1 in Denmark but also anecdotally the 1 in Bangladesh) that masks provide at best negligible benefit, the study went on to say it could be estimated at no more than 10-15% benefit. Most evidence in this county also reveal that mask mandates HAVE NOT HELPED stop or even slow down transmission of COVID-19. 2)You do not have the authority to make the citizens of Charles County wear masks whether by force, through coercion or exclusion. To enact such a standard only reveals a)Your lack of knowledge on this virus and it's transmissibility, b)the depth of your desire to control the citizenry, or c)your fear of both COVID-19 and the citizens who disagree with you.
