I have submitted before, but wish to reiterate my position on not only a Mask Mandate, but also fines. There is No mask mandate from either the CDC or the State. People who wish to wear a mask can and are. The numbers have already dropped significantly in the last week WITHOUT a mask mandate. Two of you said in your last meeting you are against mandates of any kind because it takes away people's right to choose. As far as fines for not wearing one, first where is this money going and secondly it's just plain ridiculous! Leave it up to businesses if they want to have their clients/customers wear a mask. As an asthmatic, wearing a mask all the time exacerbates my asthma. I end up wheezing all the time requiring me to use my inhalers more often. I am against any mandate or ordinance forcing people to wear a mask!
