At a time when federal agencies & their representatives are admitting a host of truths about Coronavirus, it defies logic to mandate masks. Among the admissions are the following: 1. Masks are ineffective in preventing transmission; 2. A very small percentage of victims succumbed due solely to the virus - the majority had multiple comorbidities; 3. The virus has over a 99% survival rate (influenza is more deadly); 4. The Omicron variant is minor & compares to a cold in the majority infected. Common sense must prevail and draconian mandates with no prospective end date and punitive consequences to individuals and businesses are unnecessary and absurd. We are not stepping over bodies in the streets. Please, do the right thing and reject this and any other mandate relative to this virus. It's time to end the fear-mongering and let freedom prevail. Thank you.
