As a citizen, I am against mandates. As a small business owner, I wish that you commissioners would understand that you are destroying our county with you mask mandates and 'other' powers that you are seeking. You are continuing to whittle away and destroy small businesses that families have spent their lives building, have sacrificed for, and have worked unbelievable hours building. People are going out of the county to spend their money while you continue down this tyrannical road. Please start working on what would actually start bringing business INTO this county instead of driving it away. How about working on the crime, drugs and theft that is rampant here?
