You do NOT have the authority to interfere with my life or the life of the citizens in Charles County This is NOT what the citizens of Charles county want. An Emergency does NOT last 3 years. Masks DO NOT WORK . Read any box of masks it says so right on the box . Your a bunch power hungry dictators who I assure will be voted out very soon . I personally will vote for ANYONE BUT YOU. My reason for standing against your Bullshit Case rate and positivity have been declining, without intervention since January 4. More than 1,000 citizens have left a public comment about this issue and almost 900 are opposed to the mandate. Most people in Charles County just wear their masks indoors anyway. They pretend to be acting as the "County Board of Health", but the introduction of criminal fines suggests they are now acting legislatively and thus are making the mask mandate a LAW. Businesses are suffering and can prove it. There is a demonstrable loss of business in our community when masks are mandatory. Dragging the restrictions out is hurting our youth. Students are always just one Dr.-Abney-is-having-a-bad-day away from returning to virtual learning. Parks and Recreation has already slashed indoor soccer and basketball season in half.
