Submitted comments earlier but forgot of two glaring reasons why masks don't work (besides data from numerous reliable, not bought, medical sources). True stories: 1 - Friday, Jan 14th. A mother said her 13 yr old daughter doesn't want to take off her mask because she "doesn't want people to see what she looks like." What if your child or relative or friend said that to you? 2 - A friends son is upset because his friend committed suicide over the Christmas break. What if this was your child, relative or friend? We are social beings. The psychological and emotional effects are far worse than any virus. We get sick. We take therapeutics. We get better. We watch out for the vulnerable.
