Due to my injuries from my 20 year service with the United States Marine Corps I am hard of hearing. Masks make it very difficult for me to interact with others in our community since I rely fairly heavily on reading lips. In addition to the above, I am a firearms instructor for a federal agency and for my own local business. Wearing masks on the firing line while teaching creates the potential for traumatic injury or death due to misunderstanding vital instructions. The more we learn about this virus the more we understand that it is not as deadly as we had all been led to believe. For me the risk/rewards make wearing a mask not worth it. While I support anyone who chooses to wear a mask for their safety, I do not support forcing individuals to wear one and will vote, and encourage others to vote against any commissioner who does.
