While there has been a recent surge in the Omicron variant of Covid 19, I still oppose your plan to take power from the Governor and the Health Department to implement and enforce a mask mandate even when we are not in a statewide state of emergency. First, even that surge has begun to slow down without any intervention. Second, local business are hurting and will be hurt even more if forced to enforce a mandate and being subject to potential fines; Third, those of us with breathing issues find having to wear masks all the time very difficult. You tell us you just want to keep us safe. Okay, instead of grabbing someone else's power, let us decide for ourselves whether to wear masks. Thank you.
