Will you use your position as a service/representation of the people or a burden/lordship over the people?It takes a special type of person to resist such a strong pull. It takes love for liberty to overcome temptation for power.Beyond wether or not mask "work",there are still questions as to the safety of the mask themselves + the moral and even religious issues of mask mandates not yet discussed by you.When liberty is made secondary, then the effects go beyond the battle of a present day illness into the very soul of humanity echoing throughout generations. Today you will place your name on the right or wrong side of history.Those who utilize the threat (legitimate or not) of health or disease to enforce legislation upon a people, and then impose penalties and cause segregation have never been on the right side of history nor humanity.The question you answer today is if you will be one who stands in the gap to preserve freedom, or will you through unprecedented measures raise your hand in salute to tyranny and act against our God given liberties?As Pres.R.Reagan famously warned, "Freedom is never more than 1 generation away from extinction. We didn't pass it to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same, or one day we will spend our sunset years telling our children and children's children what it was once like in the United States where men were free." Should you vote to invoke this "mandate" let it be known that you are not voting on the side of freedom nor liberty, nor representing the voice of the people of C.C. To vote for the mandate, is to utilize legislation as a weapon against the very foundations of this country and the freedoms enjoyed by the citizens of C.C. for generations.I urge you as a fellow citizen and multi-

generational resident of Charles County to vote down this mask mandate and take a stand for the preservation of liberty for another generation in Charles County MD. (full doc att.
