Mandating masks removes freedom. Your health department wants you to mandate them...but there are scientific studies that point out masks are in themselves, petri dishes on our face as the general society doesn't wear them in an effective manner (b/c they aren't trained medical professionals and they have a life to live...try to go two minutes, much less two hours, without adjusting it on your face). Would you wear a hazmat suit from here to eternity to guarantee against getting the virus? Life has always come with risks. I'd rather take a little more risk and live in a free society than live with slightly less risk in a TYRANNIAXL SOCIETY. Don't vote to take those freedoms away.
