## Building and Trade Permit Processing Delays

The Department of Planning and Growth Management Permits Office is experiencing a significant increase in the number of permit applications being received and processed. This increased demand is causing delays in the processing and review of permit applications.

Our staff is working diligently to keep up with the increased demand. We appreciate your patience and understanding during this time. Please expect and allow for a few additional days in our processing time when applying for a Building and/or Trade Permit.

Should you have any questions please contact the Permits Office at 301-645-0692.
