The Southern Maryland Sierra Club is submitting this document as written testimony to the Board of County Commissioners for the Public Hearing, at 6:00pm on May 25, 2022. Consider these comments to be officially submitted for the public record. On behalf of the five thousand (5000) members and supporters of the Southern Maryland Sierra Club, we ask that you Support the Proposed Amendment and that the property in question in Newburg be designated Septic Tier 4 with a land use designation of Agricultural Conservation. We believe that our following explanation will adequately demonstrate the necessity of Adoption of this Amendment. Our Complete Testimony is in the attached document. Thank you for your time and consideration.
