Representation in Charles County has been unequal for quite some time. Our diverse county needs real representation on the Board of Commissioners and the only way to do that is for our District 1-4 Commissioners to be accountable to only the voters in their district. In times of trouble, I want to know that I can call up my commissioner and he or she will represent my voice to the Board. Right now, the population centers elect the entire Board. Commissioner President should be the only position elected by the entire county as he or she is the full-time voice to the Board of Commissioners. This measure has broad appeal with bi-partisan support of the electorate and is a common sense measure to support the pure democratic/representative process of local government. I urge you to pass this measure on October 19.
