What is the point of even HAVING "districts" without by-district voting? The population center of Waldorf is currently responsible for selecting all five commissioners. This current voting method unfairly suppresses the votes of those residents not politically, racially, or economically aligned with the population center of Charles County and violates their right to due process. If this bill does not pass, I suggest we save the county a boatload of money by eliminating 4 of the 5 commissioner positions as they are duplicitous and useless. Thank you.
