My main concern is I don't see how this bill helps the community, all I see this bill doing is locking up and charging your every day average citizen that is trying to protect their selfs from the criminals. The criminals are not going to follow this law, because if that was the case they wouldn't have a gun to begin with, all this bill does is give the Criminals more of a upper hand in my opinion and take the Law abiding American citizen gun rights.
